MANY LIVES ARE LOST IN FLOODS

Waters Work Havoc in Ohio Valley

DAYTON UNDER WATER

Vast Areas in Ohio and Indiana Are Inundated.

THOUSANDS ARE HOMELESS.

DEATHS BY FLOODS.

Unverified reports from the flood swept cities in Ohio and Indiana show the following estimated loss of life:

OHIO—
Dayton.....100 to 3,000
Piqua (rumored).....540
Cincinnati.....50 to 100
Sidney.....23 to 50
Middletown.....15 to 20
Hamilton.....23
Tippencanoe City.....3 to 5
Scattering.....12
Total Ohio.....793 to 5,175

INDIANA—
Peru.....200 to 500
New Castle.....3
Lafayette.....2
Noblesville.....2
Frankfort.....2
Rushville.....1
Fort Wayne.....1
Total.....240 to 500
Grand Total.....769 to 5,675
Homeless, temporarily, 100,000.
Property damage, estimated, \$25,000,000.

Chicago, March 26.—Swept by wind and rainstorms of terrific violence for three days, vast areas of the middle west, from the Missouri river to the Allegheny mountains, are inundated. Many persons have been drowned and enormous property losses have been caused by floods, the worst in years. The maps of Ohio, Indiana and parts of Illinois and Missouri are maps of desolation. Terre Haute, Indianapolis and Lafayette, in Indiana, and Dayton, Delaware, Columbus and Youngstown, in Ohio, present particularly pitiable spectacles. In all these cities there was loss of life, according to the most authentic reports available, and in each city the property loss particularly was heavy.

A telephone message from Dayton said that 30,000 people were homeless, a number of persons dead and the water fifteen feet deep in the center of Dayton. It was still raining and the river rising. A relief train from Xenia was started to Dayton loaded with supplies.

Twenty Dead at Delaware.

In Delaware, O., twenty persons are known to have lost their lives and thirty to fifty others are missing. Terre Haute, swept by a disastrous tornado, was in the grip of a rain and windstorm, which seriously interfered with the work of removing the stricken families, but the death list still remained at twenty, while the list of injured is expected to aggregate 250.

A big dam a short distance north of Akron, O., burst and horsemen were hurried through the valley to warn the people of the impending danger.

Miami Bridge Is Gone.

The great bridge over the Miami river at Middleton, O., went out. Fifteen persons were reported missing. Several houses were seen floating down the river, which was a raging torrent.

Sweeping up the Ohio valley from the west, the third storm in ten days devastated different sections between Louisville and Cincinnati in Kentucky, and in extensive districts in Illinois, southwestern Ohio and Indiana.

The property loss was estimated at several million dollars in the sections mentioned. The wind was accompanied at times by an almost torrential downpour of rain.

PITTSBURGH WATER RISING

Lowlands Around Smoky City Battling With High Waters.

Pittsburgh, March 26.—With a continued heavy rainfall in northern and western Pennsylvania, the flood situation is growing worse and heavy property damage has already resulted. Oil City, Bradford, Warren, Titusville, Greenville, New Castle, Sharon and the lowlands of this city and vicinity are battling with flood water.

Many points are without electric light, water, transportation lines and gas. A score of bridges throughout the state were swept away.

The situation at Oil City is grave. The dam at Spartasburg let go, sending a great wall of water toward Oil City. The Allegheny river at Oil City has reached sixteen feet and was rising a foot an hour.

NEW GARAGE ON NORTH MAIN.

Grant Munn to Have His Automobile Shop in Sawyers & Mason Building.

Grant Munn has leased the building of John K. Sawyers and A. O. Mason, on the corner of Main and Sixth streets, for an automobile garage. The building will be remodeled somewhat. Mr. Munn recently came from Parnell to Maryville and secured the Frost building, on West Third street, but owing to an ordinance adopted by the city council last Friday night he had to move from that place as the ordinance provides that no auto garage can be located on that street. North Main street is out of the anti-auto garage district.

Mrs. J. B. Morrison of Chicago arrived in Maryville Wednesday morning and is the guest of Mrs. C. Q. Smith and other Maryville friends for a few days.

JACKSON BANK OF CLEARMONT PASSES TO NEW CONTROL.

ROY HANNA, PRESIDENT

He and Lawrence Cummins Buy Stock of Henry Weber—New Men Good Bankers.

The Jackson bank of Clearmont has changed hands, the controlling interest of the bank having been purchased by Roy Hanna and Lawrence Cummins. The stock of Henry Weber, who had practically all of the stock of the bank, was purchased by those parties. Possession was given Tuesday.

Mr. Hanna will be president of the bank, Guy Clary, cashier, and Mr. Cummins assistant cashier. The other stockholders in the bank are John Brown, the Linebaugh estate, J. T. Smith and Harvey Lemon. Mr. Clary has been cashier of that bank for many years and has made a good success of it. Messrs. Hanna and Cummins had charge of the bank at Worth, Mo., for several years and in four years the deposits of the bank at Worth increased from \$19,000 to \$85,000. They recently sold their interest in the Worth bank to Walter Head of St. Joseph and Mr. Brown of Stewartville. Mr. Cummins is the son of Attorney T. A. Cummins of Maryville, and Mr. Hanna is well known over the county. The capital stock of the bank is \$10,000, the deposits amount to \$100,000, loans \$100,000, and the surplus and undivided profits \$11,500. The old officers of the bank were Henry Weber president; J. B. Brown, vice president, and Guy C. Clary, cashier. Mr. Weber disposed of his interests as he is to retire from active business life.

The new owners of the bank are reliable business men and will no doubt be successful. They have had several years of experience in the banking business.

Is Improving Nicely.

Mrs. Margaret Curfman, who was operated upon at St. Francis hospital a few weeks ago, is recovering nicely and is able to sit up a little while each day. "Grandma," as she is familiarly known, has been at her home on South Buchanan street for about ten days.

SNYDER A RUNNER

WAS ELECTED CONSTABLE OVER BOTH REGULAR CANDIDATES.

JOHNSON LEADS FOR J. P.

Five Democrats and Five Republicans Elected in Polk Township—Democrats Get Collector—Assessor

The township election held in Polk township Tuesday resulted in the election of E. H. Bainum as trustee, Felix Grundy as collector, Ed F. Hamlin as assessor, Richard Snyder as constable, Ernest Wray and John T. Yates as members of the township board, and W. L. Johnson, Amos Sprecher, Jacob Melvin, R. L. McDougal and Gill Campbell as justices of the peace. The Democrats captured five of the officers, the Republicans five, and Richard Snyder was running on the Independent ticket. The new township board and trustee will be Republican in politics.

The total vote cast was 1,082, a very light vote for a township election. The weather being bad, many from the country did not come to town to vote. The interest in the election was not very great. The Republicans did all they could for Bainum and the two members of the board, while the Democrats were trying to elect their entire ticket, and especially Felix Grundy and Ed Hamlin.

The race of E. H. Bainum was quite surprise, as his majority was 412 over Cooper Gooden. Felix Grundy's majority was 241, Ed Hamlin's 191, Ernest Wray's 90, and John Yates' 52.

The surprise of the day was the race that Richard Snyder put up for constable. His name was not on any ticket, and a person to vote for him had to scratch and write Snyder in. Snyder beat his nearest opponent, Campbell, by 139 votes and beat Yeaman by 187.

W. L. Johnson secured a total vote of 625 for justice of the peace, and R. L. McDougal was next, then Gill Campbell, then Jacob Melvin. "Boss" Morris for justice was again defeated, this time by only a few votes.

The new township board elected promises to do all they can for the roads in this township.

ON STREET CAR IN STORM.

C. J. and M. J. Alderman Viewed Cyclone's Work While Seated in a Street Car.

Conrad W. Yehle of the Alderman Dry Goods company of this city received a letter Wednesday morning from Mr. C. J. Alderman of Omaha, under date of March 25, that will be of interest to Maryville people. The letter was in reply to a telegram sent by Mr. Yehle asking if the Aldermans had escaped loss, and is in part as follows:

"Dear Conrad: Yours just received. We are thankful to inform you that all of our people escaped the tornado, some of us by a narrow margin. An sending you under separate cover a paper with map on which I have marked our homes, so that you may see how close a call we had.

"I was on a street car with Merrill on our way home from uptown, when the storm struck the city. We saw it coming and it looked like it was headed directly for us. The motorman stopped his car and it never moved from that point, as all the wires were snapped off. It was awful. No pen can describe how fearful the sight was. The death list is growing hour by hour. To add to the discomfort, snow has been falling all day. After viewing the scene it seems a miracle that the loss of life did not run into the thousands."

Lost—An Easter Hat!

One of those brave enough to risk the wind of Sunday came home from Sunday morning service with disheveled locks; in fact, they were streaming out in the breeze behind her, while she carried the gathered up remains of her Easter hat in her hand. It (the hat, of course) had been whisked from her head in a jiffy, as she left the First Presbyterian church, and it was indeed funny to see the people who tried to rescue it, for everyone now knows the value of the Easter hat, and every other hat, for that matter, that comes from a millinery store. And the hat was completely riddled after all. But then, it was a milliner's hat. And she can make another one. Lots of Easter finery suffered from the wind Sunday, and those who were sensible enough to wear things suitable to the day may thank their lucky stars they were born sensible.

Guests From St. Joseph.

Mr. and Mrs. J. B. McIntyre and daughter, Miss Martha McIntyre, of St. Joseph, were guests in Maryville Tuesday and Wednesday of Mr. McIntyre's sister, Mrs. E. L. Ferritor and family and his aunt, Mrs. B. Mallan, and family. Miss McIntyre is quite an accomplished vocalist and is training for grand opera work.

DEATH OF AN OLD MAN.

Job Shinnall, a Former Resident of Graham, Died at Daughter's Home in Maryville.

Job Shinnall, the aged father of Mrs. Q. A. Gilmore, living at 222 West Edward street, died Wednesday forenoon of illness due to old age. Mr. Shinnall would have been 81 years old April 6. Last October Mr. and Mrs. Shinnall had been in feeble health for some time. Four weeks ago he was stricken with paralysis, which was the immediate cause of his death.

The funeral services will be held at the Gilmore home at an early hour Friday morning, but the time has not yet been set. Burial will take place in Groves cemetery, near Graham.

Mr. Shinnall was born in Kentucky. When a young man he came to Shelby county, Illinois, and settled there. He was married there to Miss Sarah Rouse. Three children were born to them, two of whom are living, T. L. Shinnall of Portland, Ore., and Mrs. T. L. Shinnall of Shipley, Neb., who recently moved there from Skidmore.

Mr. Shinnall's first wife died in Illinois. His second marriage was in Nodaway county to Mrs. Ellen Brown of Graham forty-six years ago. They had four children, John L. Shinnall, who died twelve years ago at Graham; Mrs. Quincy Gilmore of Maryville; Mrs. Emil Bourquin of Butler, Okla., and

H. C. Shinnall of near Barnard.

Mr. Shinnall was a farmer of near Graham until about twenty years ago, when he moved to Graham and held various town and township offices until his removal to Maryville last October.

DEATH NEAR ISLAND CITY.

Archie Clemmons, a Well Known Young Farmer, Died of Pneumonia.

Archie Clemmons, living in the southeast part of the county, near Island City, died Tuesday night after a three weeks' illness of pneumonia.

The funeral services will be held at the Christian church in Island City on Thursday afternoon. Burial in Lafayette cemetery. The young man is survived by his wife and a little girl, and his parents, Mr. and Mrs. Marlan Clemmons.

Arrived From Omaha.

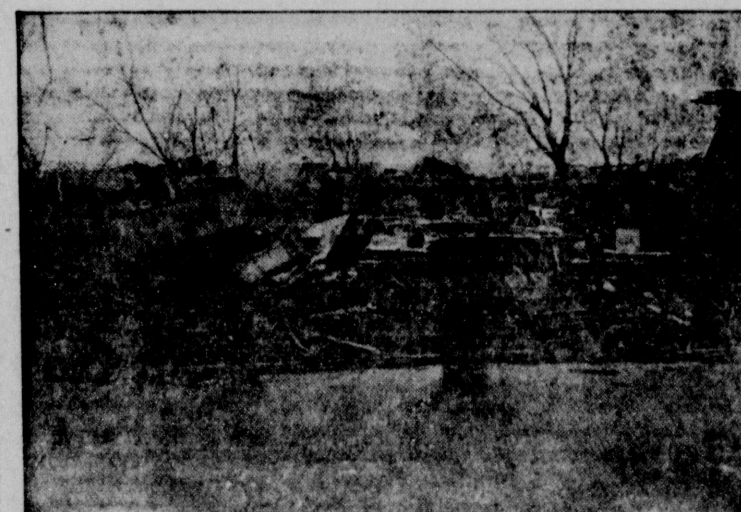

Mr. and Mrs. John Sherlock of Omaha arrived in Maryville Wednesday on account of the illness of Mr. Sherlock's mother, Mrs. Mary Sherlock, living north of the city. Mr. and Mrs. Sherlock's home in Omaha is situated only three blocks from the path of the tornado Sunday.

Mrs. Harry Coulter of Arkoe was in Maryville Tuesday.

The residence of Dr. and Mrs. Charles Impey of Omaha, who for a number of years, were well known residents of Graham, where Dr. Impey was a practicing physician, was among the residences of Omaha that lay in the path of the storm in that city last Sunday evening. Although many near them were completely demolished, their residence was left standing, but was badly wrecked. The windows were blown in, the household furniture broken up and the yard filled with debris. Their residence is located but one block from the Idlewild pool hall, where twenty-five lives were lost.

Mrs. Impey is a sister of Miss Anna Freytag, the postmistress of Graham, and Banker Walter Freytag of that place.

THE TICKETS MIXED

WERE ELECTED GENERALLY OVER THE COUNTY TUESDAY.

ONE BULL MOOSE LANDS

Democrats and Republicans About Equally Divided in the Winnings—Results by Townships.

The election in the various townships over the county Tuesday to elect a township ticket resulted in about a standoff for the Democrats and Republicans. In two townships, Hughes and Jackson, there were three tickets in the field, but the Progressive party candidates did not get very far. The only Progressive elected was Clarence Leeper of Hughes as one of the members of the township board. In Jackson, the Progressive party candidates secured about 25 to 32 votes while the Republicans and Democrats secured 124 and 132.

The entire Democratic ticket in Independence township was elected, there being no opposition to the ticket. In Nodaway township the entire Republican ticket was elected. In Jefferson township the entire Democratic ticket, with the exception of a member of the township board. In Lincoln many of the People's candidates won.

The results in the various townships follows.

THE STORM FREAKS

GRAPHICALLY DESCRIBED IN LETTER FROM MRS. ALDERMAN.

SHE SAW ITS WORK

Everything Went Before It—Trees Left Standing Filled With Clothing and Bed Clothing.

Mrs. Meril Alderman wrote a letter Monday at Omaha to her parents, Mr. and Mrs. Rankin Lyle of this city, to tell them of the great storm that visited Omaha Sunday evening. A telegram was sent by the Aldermans to the Lyles in this city Sunday evening after the storm, to assure them of their safety, but it did not reach Maryville until Monday night, after Mr. and Mrs. Lyle had left for Omaha on the 7:11 Wabash train. The letter written by Mrs. Alderman did not reach Maryville until Tuesday, and was received by Miss Elizabeth Saunders, who makes her home with Mr. and Mrs. Lyle. Mrs. Alderman's letter is a good description of the storm as she saw it and of the damage done. The letter follows:

I hope you received our telegram stating we are all safe. Curtis went down town—had to walk, of course—and placed it on file to be sent as soon as they could. I am writing you to tell you of some of the terrible damage and loss of life, but words will not express the picture one sees in going from the southwest end of Omaha to the northeast.

The main part of the storm missed us about a block and a half, but we were in it far enough to know how you feel when you think your time has come. I will try to tell what we felt and saw when we saw that awful twister headed straight for us. Meril was not at home, but brother thought it looked like a storm and came home with the car. He had taken Meril out to Uncle Mayne's. We watched the clouds and saw them moving in all directions, and upon looking to the southwest saw the unmistakable funnel shaped cloud. We decided it was a tornado, and soon that terrible roaring confirmed our decision, so we made for the basement and stood in the corner toward the storm, and from the window watched what we thought would usher us into the great unknown. We watched the boards and pieces of roof twisting and whirling in the air and had a few seconds to steady ourselves for the worst, when the hand of Providence was kind and we escaped. Pieces of roofs and timbers scattered all about us but we suffered no property damage of any kind. The people next door east had a small board driven through the house. The construction house next door was torn to pieces and tools scattered every place. After the storm had passed the worst was not over with me. I did not know where Meril was and no telephone connections, no cars running. Such agony, but Providence was kind once more and central responded and a got connections with Meril's mother and found he was there and safe. Then I collapsed. Not until Meril came home did any of us know the damage that had been done.

The worst part just passed between our house and the Roland, where Meril's parents live, so in walking home Meril passed through its path. Fires broke out and for a time we thought we might have to flee for our lives. Our neighbor next door said to put the chains on the car and be ready, as he thought the entire north end would burn, and to look at the blazing sky it looked so. Brother, Meril and I went out in the dark, as there were no lights except a few gas lights, to see what we could of the damage. The most expressive words in our English language.

PAPE'S DIAPEPSIN REGULATES STOMACH

Time It! In Five Minutes Gas, Sourness and Indigestion is Gone.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic for this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eruptions of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

A GOOD CROWD.

The Bad Weather Tuesday Night Did Not Interfere With Opening of M. E. Church Revival.

In spite of the very unpleasant weather there was a good attendance and interest at the first of the special services last night. Rev. Zentz preached a sermon that was intended for everyone, whether a Christian or not. His theme was "The Struggle to be Good," and his text was "Fight the Good Fight of Faith, Lay Hold Upon Eternal Life." 1 Tim. vi. 12.

The sermon dealt with the necessity of making a fight to attain a moral character. It was considered from three standpoints. Its needs, its characteristics and rewards. He said in part:

"One needs a proper estimate of the foe. Many a struggle has been lost because a man has failed to compare his own strength with that of his enemy. One needs a proper equipment. St. Paul has indicated what this ought to be. He suggests the helmet of salvation, a protection for the head; the breast-plate of righteousness for the heart; the shield of faith, and the sword of the spirit which is the word of God.

"The fight should be characterized by intelligence and persistence. It should be an uncompromising fight and above all a fight of faith; faith in one's self and in God.

"The rewards will be the moralization of one's life, a victory more splendid than any other; but religion has to do with two worlds, the life that now is and the life that is to come. The reward then is indicated in the text, eternal life.

"Thus we call not to something impracticable and visionary, but to something necessary and real, a life of positive righteousness."

Services again tonight at 7:30. Rev. Zentz will preach and there will be special music. Subject of sermon, "The Impossibilities of Jonah."

Death of Little Child.

Josephine Darnell, the 5-year-old daughter of Mr. and Mrs. Ellis Darnell of Moulton, Ia., died Tuesday night at the home of Mr. and Mrs. E. T. Reiser of Guilford. The little girl was taken sick a few days ago with tonsillitis, resulting in paralysis. The body was taken Wednesday by the parents to their home in Iowa, where the funeral and burial services will take place. Mrs. Darnell is a sister of Mr. Reiser, and they have been visiting in Guilford for two weeks.

Solving the Social Question.

Hill Top Farm, Guilford, Mo., March 24.—Editor Democrat-Forum: I read with much interest in your Thursday issue last week the sermon of the Rev. J. D. Randolph of your city.

It is not my intention to criticize his sermon in any way, but simply to show that the divorce question should receive more than passing notice from all people, whether in Maryville or not. However, when the reverend gentleman stated that we were so much ahead of France in the number of divorces granted, France, on the other hand, has race suicide staring her in the face, and more illegitimate births than any other nation.

He might have mentioned while bearing on this question the fact that in the last few days, in a nearby city, five murdered babies have been picked up on the streets.

Now, when we reach the ebb tide he speaks of, will we not be confronted with greater evils? We seem prone to ape the styles of France.

We have always thought that idleness was the first step toward sin. Now, what were the women doing just before the wave of divorce spoken of? As I remember it, they heckled the flax, sheared the sheep, spun the linen and the wool, d'd weave and knit, made the family clothing, soaps, etc., beside helping with the corn crop, and did glean in the fields, from Scripture times to the time spoken of. Large families were the rule, and if there was discord in the household no one ever knew it.

Now, that style or outward appearance, happened to appear at the time of this divorce wave, is it not an indication or conclusive evidence that the two had connection?

As stated, the war had just closed. We had given the colored man his liberty, and we became more liberal to all things human. About this time the factory stepped in and took from woman her industry. Here was where the fire was set, and it will continue to burn until it is quenched by the home loving, the home making woman that does not care to vote.

In the study of physical chemistry we find that certain physical bodies have an affinity for each other; that is, they fly together seemingly by an uncontrollable force. Take a quantity of zinc silver for instance, pour it on the carpet in separate lots and you will find that the carpet cannot absorb the silver, because the particles of silver have an affinity and the carpet cannot get any hold on it. Now, roll the different quantities of silver to a certain nearness and they will fly together and become one body. Now, you can cut the mass apart with a knife as many times as you wish and each time it will reunite and show no scar.

So it is with the marriage relation. Parties united in this way could not help but agree, because they are as one party. For one party to injure the other would be like taking the right hand and cutting off the left hand.

The case of the human body, however, is somewhat different. We find the same to be a bundle of electric currents or nerves. When two bodies come in contact we have harmony or discord, just as the tension or charge of each corresponds.

A very truthful, intelligent gentleman tells me this. He was one day traveling on a railway train. His seatmate, for a short distance, was a lady of corresponding appearance. By accident their hands happened to meet. The gentleman experienced a thrill or feeling that penetrated every part of his body, and the lady's appearance indicated that she experienced a wave of the same feeling. They seemed to know each other, yet had not spoken.

Now, this was probably a true union as of God. Yet had these parties thrown off outward appearances, rose up, and declared themselves man and wife, the clergy and all would have held up their hands in holy horror at the circumstance. I must say that I like the ring of the gentleman's sermon, and have prophesied that when the clergy shall right about and deliver physicotheology sermons from the pulpit in place of deathbed scenes and descriptions of the fiery pit, then the dead country church will begin to breathe again and the city church will cease to decline.

Now, let's look at this question from a different angle. The average young man, when first married, is confronted with the task of supporting a family without much capital to back him. So his ability to do this depends on him securing a position. Now, the position depends on the young man's qualifications to fill it, the whim of the proprietor, and many other things. The loss of a position to the average man for thirty days means that he is kicked into the street. Then where is the marriage relation?

Now, we are going to remedy this evil in this way: Put every worthy young man in a home of his own, with the fixtures necessary to maintain the same. Of course, there have been cases where this has been done before and resulted in failure, but in each case the helm was put in the hands of an inexperienced mariner, who knew not the treacherous sands or hidden rocks.

Now, the plan is for him to agree and sign up to work under the direction of the farm adviser. Our banks are full of money. A good borrower is more to be desired than a depositor. The loan companies have been loaning 5 to 60 per cent on the home, but now with the understanding that the young man is working under the direction of the advisor from 6 to 90 per cent will

be advanced, and in some cases all.

The writer has been furnished the entire purchase price of a farm by a trust and loan company. One may think that the young man would be as well dead as so much in debt, but such is not the case. All our successful business concerns depend on their credit for success.

I am not stating this, as I intended the young man to serve an apprenticeship under a good farmer, and is then put on his fee through a credit advanced or controlled by the farm advisor.

There is a mighty conflict raging.

It extends to every land.

Truth and falsehood are engaging.

Hill to hill and hand to hand;

For the truth will throttle error,

And its end is drawing nearer,

And our duty would be clearer,

If we could but understand.

Respectfully,

A. ROSS HILLS.

A Valuable Publication.

The January Bulletin issued by the Missouri state board of agriculture is of peculiar value to farmers. The first article is on the subject of "The County Farm Adviser and County Bureau of Agriculture," by S. M. Jordan. The topic and the author are sufficient to guarantee to everybody ample reward for his time and effort. In his own straightforward and forceful style Mr. Jordan deals with many of the vital and practical problems of rural life. His illustrations add very much to the treatment of the subject and show the actual work that is being done. Following this are the constitution and by-laws of the Pettis county bureau of agriculture, interesting press comments and other valuable features. If you want to see just how the work of the county farm adviser is carried on in a way that is arousing a deep and widening influence, send to the secretary of agriculture, Columbia, Mo., for a copy of the January Bulletin, volume XI, No. 1, which will be sent free upon application.

ADRIANOPLE FORTS TAKEN

Bulgarians Capture Defenses East of City.

BOMBARDMENT LASTS ALL DAY

Dispatch From Sofia Says All of First Line of Defense Around the City is in the Hands of the Allies—Turkish Force Surrenders to Servians.

London, March 26.—The Bulgarian besiegers captured the first line of defenses around the Turkish fortress of Adrianople after a bombardment lasting several hours, according to a dispatch from Sofia.

Scutari Bombardment Ends.

Belgrade, Servia, March 26.—The bombardment of Scutari is understood to have been stopped on orders from the Serbian government. Servia acted on the advice of the French and Russian ministers, who notified the Serbian premier that the powers had come to the unanimous decision that Scutari must belong to the future state of Albania.

Turk Force Surrenders to Servians.

Cettinje, March 26.—Djavid Pasha, with a Turkish army numbering 15,000 men, has surrendered to the Servians on the Skumli river. In Albania, Djavid Pasha was commander of the Seventh army corps and formerly military commander at Uskup.

CANANEA ATTACKED

Mexican Federal Garrison in Packing Plant Held Oregon Forces Back.

Naco, Ariz., March 26.—State troops under General Oregon and Colonel Cabrat attacked the American packing town of Cananea simultaneously from two directions with artillery and hand grenades.

The federal garrison of 250 men under Colonel Moreno, entrenched in an old packing plant, withstood the assault.

Two thousand men, thrown out of work by the closing of the Cananea Consolidated Copper company's plant, will, it is said, aid the state troops.

JURY TAKES UP EATON DEATH

Inquisitorial Body Hears of Fate of the Rear Admiral.

Plymouth, Mass., March 26.—While counsel conferred with Mrs. Jennie May Eaton at the county jail, the grand jury, convened in special session, was hearing evidence upon which District Attorney Barker will ask for her indictment on the charge of murdering her husband, Rear Admiral Joseph G. Eaton.

The grand jury heard several witnesses, neighbors or intimate friends of the Eaton family.

Oldham Deposed as Acting Governor

Little Rock, March 26.—By a decision handed down the Arkansas supreme court ruled that Senator F. M. Putrell, president of the state senate was the legal acting governor of Arkansas. Senator W. H. Oldham, who vacated the post of presiding officer of the senate to take that of acting governor after the election of Governor Joe L. Robinson to the United States senate in succession to Jeff Davis, is thus deposed.

MANY LIVES ARE LOST IN FLOODS

(Continued from Page 1)

All small streams around Bradford are out of their banks. Sections of the city are under water and hundreds of families homeless. At Greenville, Pa., over 500 persons are homeless. At Sharon the town is under water and a dozen or more bridges are wrecked.

TWELVE LOST AT HAMILTON

Miami River Flood Causes Terrible Losses in Life and Property.

Hamilton, O., March 26.—Twelve persons are known to have been drowned, while it is believed over a score more are dead as the result of a flood of the Miami river that swept Hamilton and is rushing through the streets to a depth of from two to six feet.

The dead: Robert Shank, N. C. Roberts, Odell, Herman Tieman, Dr. Leon Isutzi, three unidentified women and two unidentified men.

Shank and Isutzi lost their lives while trying to save others. The residents are gathered in the principal buildings of the town. Three companies of state militia from Cincinnati arrived, but owing to the swiftness of the current in the streets have not been able to detain.

Train Service Crippled.

Chicago, March 26.—Train service on the twenty-nine railroads centering in Chicago was seriously impaired as a result of the damage wrought by storms and floods in the central states. All trains on the Panhandle branch of the Pennsylvania system, the Monon and the Chesapeake and Ohio roads were annulled and service temporarily abandoned.

LANDIS REFUSES TO DISMISS CASE

Says He Will Instruct Jurors as Friend of Coal Land Laws.

Chicago, March 26.—Judge Landis refused to take the case of Albert C. Frost and four other defendants, charged with Alaska coal land frauds, from the jury and direct a verdict of not guilty.

The decision followed five hours of argument by five lawyers for the defense. The arguments included the assertion that Frost and his four co-defendants had done nothing they did not have a right to do in law, and the government, it was argued, had failed to prove a conspiracy to defraud the United States out of title to \$10,000,000 worth of coal claims.

B. D. Townsend, special assistant attorney general, stepped forward prepared to make rebuttal.

"There is no rebuttal necessary," said the court. "I am convinced many of the locators of these claims in question were not good faith locators. Many of them were, in my opinion, merely instrumentalities of the corporations."

"The hard time that the United States land laws have had in the past has got to come to an end. Any one who has spent any time in western states knows how little the land laws have been enforced. Up to date those laws have found few friends in the western courts. I can assure the defense they have found a friend in this court, and I will tell you now that when this case is closed and it becomes my duty to charge the jury I shall instruct it especially as to its duty of upholding the laws of the land. In this instance this has special reference to the land laws. The motion to take the case from the hands of the jury is overruled."

DIVORCE SPOILS TEACHER

Portland School Board Refuses to Let Him Have Position as Principal.

Portland, Ore., March 26.—Divorces are frowned upon by the Portland school board and J. H. McKay, former of Mr. McKay from Irvington school, lost out for a position of almost equal rank in the Hudson school when the board tied in voting on a proposal to give him charge there. Although it had been some years since the domestic trouble which led to the removal of Mr. McKay from Irvington school, he failed when it came to the test, especially as Mrs. James B. Kerr, a newly elected director, refused to sanction his reinstatement as a principal.

Forest Park in St. Louis Flooded.

St. Louis, March 26.—One person was drowned and several families driven from their homes by the rising of River Disperses, which flows through the western and southern part of the city. The flood was the result of a heavy rain, which at times during the last forty-eight hours almost reached a cloudburst. River Disperses is seven feet higher than ever before. The river flows through Forest park, the great show place of the city, and the principal drive there was under six feet of water.

Los Angeles Recalls City Officials.

Los Angeles, March 26.—According to results cast up the people of Los Angeles, in the charter amendment election, voted to retire the present city administration, which was elected for a four-year term sixteen months ago, and choose an entire new set of officers.

Suffragettes Fire New House.

London, March 26.—Suffragette incendiaries invaded Beckenham, a southeastern suburb of London, setting fire to a house under construction. The championship golf links at Sandwich, Kent, were the scene of another early morning raid by militants, who wrecked the greens.

INDIANA FLOOD IS STATE-WIDE

Over 200 Are Reported Dead and 200,000 Homeless.

LOSS IS TWENTY MILLION.

Rush of Waters on Unsuspecting Causes Enormous Loss—"Rain and Colder" Is Weather Forecast for the Stricken District.

Indianapolis, March 26.—A state-wide flood, appalling in its immensity and terrifying in its swiftness, claimed more than 200 lives, according to fragmentary reports, made nearly 200,000 homeless and has done property damage of more than \$20,000,000 in Indiana. The rush of waters caught the state unprepared and the following desperate fight to save life and property seemed futile.

From Peru came a sudden message that the town was overwhelmed and hundreds were drowned before they knew their full peril. The White river and several creeks which surround the business district of Indianapolis, ordinarily dry in summer, are raging torrents, sweeping everything in their paths.

When the street car service was stopped at noon it trapped thousands in the business districts. Some bridges are unsafe and closed to traffic and the waters sweeping over the other defy vehicles and pedestrians.

The White river levee at Morris street went out, submerging hundreds of homes, adding 2,000 to the 7,000 homeless here.

Thousands of spectators were watching the river when with a roar hundreds of tons of dirt crumbled under the pressure and great walls of murky black water rushed through the opening.

Two Hundred Thousand Lose Homes

Conservative estimates place the number driven from their homes at close to 200,000 and the property loss it is said, will reach the \$20,000,000 mark. These figures are made up from reports received from towns and villages and do not include the probable great loss to farmers.

No hope for relief to the stricken state is held out by the government weather bureau. "Rain and colder" is the forecast. Besides higher water untold suffering to the homeless will come with the drop in temperature.

Rescue work is being carried on by volunteers, police, firemen and the state militia and every place where there is a dry home it has been thrown open to the flood refugees.

Cities Inundated.

Parts of Fort Wayne, Lafayette, Richmond, Marion, Terre Haute, Muncie, Rushville, New Castle Kokomo, Peru, Connersville, Petersburg, Frankfort, Anderson, Tipton, Noblesville, Hartford City, Elwood, Bloomington, Shelbyville, Logansport, Portland and innumerable smaller towns are under water, with many of the residents driven from their homes and others living on upper floors.

From many of these places frantic appeals for aid have been received but lack of transportation and crippled telephone and telegraph service force the submerged towns to rely upon their own resources.

The helplessness of the state and city to aid the outside sufferers is more accentuated by the hopeless straits in which Indianapolis finds herself.

On the Wabash.

At Lafayette, the Wabash river, rising a foot an hour, has passed all previous high water marks. There is a huge bridge went out, carrying two and possibly more persons to their deaths. Leland T. Woolery, a student at Purdue university, was drowned while trying to rescue two of the men who were caught when the bridge was carried down stream. West Lafayette is without water supply and the town where the university is located is to tally cut off from the world. The total loss at Lafayette is estimated at \$1,000,000. Thousands are homeless.

Richmond, on the White river, is in darkness, the electric light plant having been flooded. More than twenty bridges in Wayne county have been torn down and travel in and out of Richmond is at a standstill.

Many Saved From Death.

A half million dollars' damage was done by Flatrock river at Rushville when the stream swept down upon the town, submerging the entire business and parts of the residence districts. Fire bells warned the people of the onrushing water, but in many instances only fast work with boats saved many from death. In many of the streets the current was so strong that it swamped all boats that ventured into them. Thousands were rendered homeless, and those whose homes are not flooded are confronted with the problem of housing and feeding the refugees.

Charlatans Claim Friedmann Cure.

Washington, March 26.—Reports that charlatans in various sections of the country, claiming to have some of Dr. F. F. Friedmann's tuberculosis vaccine culture, had misled victims of the disease were called to the attention of the public health service. Dr. Friedmann, in New York, declared that no one in this country had received any of his culture bacilli except the government health officials.

This is the Truth

We Give Long Credit—Ask No Security—Ship on Trial

And We Give Extra Time When Wanted

Our offer, we know, seems too good to be true. This is a new kind of credit, and folks can hardly believe it.

But remember this offer is made by mail, and the Postal Laws forbid misrepresentation. So this offer must be true.

Pay as You Can

We ship goods to home lovers on open account. There is no contract, no mortgage, no sort of security. No interest, no extra price, no publicity, no red tape.

A million homes have such accounts with us. And for 47 years we have found home lovers honest.

We ship on 30 days' free trial. Anything not wanted may be returned at our cost for freight both ways.

We let you pay as convenient—a little each month. Remit by mail as you can, for we

have no collectors. If sickness comes, or death, or loss of work, we will gladly give extra time.

Save 15 to 50%

We guarantee to save you under local prices from 15 to 50 per cent. You are free to send back any article to us if that saving can't be proved.

We save this through enormous buying, through taking factory outputs, by picking up surplus stocks. We are the largest buyers in the world in our line.

And we sell direct, with but one small profit between factory and consumer.

4,782 Bargains A YEAR TO PAY

Furniture—Carpets—Rugs—Linoleum—Stoves—Ranges—Baby Cabs—Refrigerators—Silverware—China—Sewing Machines—Kitchen Cabinets—Cameras—Guns—Trunks, etc.

Dollar Book Free

To prove this to you, we will send our mammoth Spring Bargain Book free. This book, with the mailing, costs \$1 per copy. It pictures 4,782 home things, many in actual colors.

It offers to send anything on credit, and on 30 days' free trial.

Write us a postal—now, before you forget it. See this exhibit, note our prices, know our easy terms.

It is on this line that your name counts most

UNTIL a bank book bears your name, you are not advancing or bettering your situation. The young man or woman, of large or small income, is merely treading water until he or she starts to save. There is nothing more gratifying than the reflection that you have a comfortable balance at the bank. The very knowledge that you have the money in reserve to satisfy this desire or that, makes self-denial easy and derives more pleasure than wasteful indulgence.

YOU SHOULD WALK OUT OF THIS BANK THE VERY NEXT PAY DAY WITH A BANK BOOK OF OUR OWN.

THE STORM FREAKS

(Continued from Page 1)

gauche do not begin to express the horrible conditions which met our eyes. Houses smashed to kindling wood and searching parties in the ruins looking for bodies. At Twenty-fourth and Lake the fire raged for two blocks. They are still taking out the dead and injured. All kind of freaky things occurred. For instance, a baby came down in a yard unharmed some minutes after the storm had passed. We got the car out this morning and followed the path of destruction. Bernis park (you know we looked at a house out there) was totally demolished. Just a few houses left. Houses were carried entirely across the streets. Oh! you would not know Omaha now. It is easy to see over the hills in the West Farnum district now, as nothing is left on them to obstruct the view. First reports are usually exaggerated, but this could not possibly be enlarged, for half is not yet known. You remember the trestle across Cutout lake and the round houses near by. They were demolished. The trees are festooned with pieces of apparel and bedding. The storm had no respect for personages or locality; it moved churches, hospitals and everything in its course. This was Easter, 1913. I hope all 1913 holidays will not be so easy. You know the old saying, "If it rains on Easter it will rain for seven Sundays." Brother said he hoped it would not repeat this for seven Sundays. We have a telephone call in for you. Thought we might get through. Let our friends know we are safe, even if we did have a close call.

THE ELKS' VAUDEVILLE.

Show Was Well Attended, Nearly Every Seat in the House Being Taken.

The Elks' vaudeville at the Empire theater Tuesday evening was well attended and was well received. The first number was Maude's sextet, and was composed of T. B. Maude, Ed Schumacher, Ervil Stafford, Paul Basford, Lloyd Miles and W. A. Robertson.

The electrical wizards number given by Harold Staples and Clun Price was well given and well received. The following number was the Bon Ton trio given by Misses Mildred Hancock and Gladys Holt and H. R. Hancock. The next number was W. A. Robertson, the mind reader, who was assisted by "Prof." H. L. Raines. This act was followed by a motion picture, and the last number was a one-act sketch "A Turkish Maiden." The play was well received. Those taking part were H. J. Becker, Clyde Hutton, Bud Rhodes, Misses Teresa Yehle and Frances Keeler.

Several amusing things took place during the show. During the first number of the program, while W. A. Robertson was giving a solo, Dr. H. L. Stinson was induced to take a seat on the stage back of the stage settings. The chair seat was loaded, and after turning on the current, it went off and sounded like a cannon. Of course, the noise greatly interfered with that number.

A GOOD PROBLEM FOR STUDENTS.

Can Some School Boy or Girl Solve It?—Will Be Found An Interesting Study.

March 25, 1913

The Democrat-Forum: The attached actual transaction between two problem, which I have formulated from men, has given rise to considerable friendly discussion between the parties, whom I have denominated by A and B. The parties agree on facts and as I have outlined them, but do not agree on adjusting the facts between them. They are friendly over the matter. Each have had several parties, some called expert accountants, to figure the case. Each party has been brought out debtor to the other, and the difference is considerable between the various figures. I have my solution but withhold it from the public, but have given it to one the parties.

I suggest it as a good problem for school students. It will be found an interesting study. Will some school boy or girl set me right if wrong?

Respectfully,
IRA K. ALDERMAN.

The Problem.

A and B form a co-partnership to farm and handle stock. It was agreed that A furnish the farm as against the labor of B, and that B manage the business and furnish all labor and that each contribute equally in cash the needed additional capital. At the end of the year B rendered an accounting as follows, admittedly correct:

A contributed in cash, first, \$686.75, and later \$274.30, and B contributed in cash \$458.65. During the year B paid to the personal use of A \$107.77. The firm expenses paid by B was \$246.35. The total cash receipts aggregated \$2,807.32. During the year A drew out the sum of \$1,613.71.

Question: How stands the account between A and B, or how should either contribute to the other, if any thing, to equalize their interests in the year's business?

KEEP THE CHILDREN'S BOWELS CLEAN NOW

If Tongue is Coated, Stomach Sour, Breath Fervid, Bowels Clogged, Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and thirty feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

Charles Roach Bitten by a Hog.

Charles Roach, a young farmer of near Bedison, was bitten on one of his hands by a hog Monday evening. The hand was swollen some Tuesday morning and Mr. Roach came to Maryville on an early train and placed himself in the care of Dr. Will Wallis. The wound is not dangerous, and although there is slight infection, there is no danger from the poison.

DOING THEIR DUTY.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Maryville people endorse their worth.

Miss Harriet McClurg, 405 East Thompson street, Maryville, Mo., says: "I do not know what I would have done without Doan's Kidney Pills. They have worked wonders in my case, and I am pleased to verify my former endorsement of them. I was troubled by pain and weakness in my back and hips and I could hardly get around. Doan's Kidney Pills stopped the trouble as soon as I used them and strengthened my kidneys. I am only too glad to recommend this remedy."

Get Madman With Sleep Bomb.

Paris, March 25.—A weapon for firing asphyxiating bombs, devised after the recent siege of automobile bandits in their strongholds, was used for the first time in the capture of a negro who had become suddenly mad and who ran amuck in the Autoull quarter, threatening every one he met with a loaded revolver. Detectives chased the man from room to room in a house where he had taken refuge, firing gas bombs as they went. The fugitive was finally cornered on the roof in a state of semi-asphyxiation. He was quite powerless and was transferred to a hospital.

"Save the Babies" Crusade.

New York, March 25.—"Save the babies" will be the motto of eighty organizations affiliated in the Babies Welfare association taking part in the coming campaign for a spring "clean up" of New York city. Societies conducting milk stations, day nurseries, babies' hospitals and other institutions and movements working for infant welfare are to take part in the preliminary campaign of education which lays special emphasis on the need of clean homes and surroundings as a prime requisite for promoting the health of babies.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Resal Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Resal Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three boxes, 25 cents, 50 cents, and \$1.

You can buy Resal Dyspepsia Tablets in this community only at our store:

SAGE-TEA WILL DARKEN THE HAIR
Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, an older old-time scalp remedy. This preparation gives your hair a beautiful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Koch Pharmacy.

"Well, I should say never put off till tomorrow that which you should have done the day before yesterday."—Life.

Property damage, estimated, \$25,000,000.

Chicago, March 26.—Swept by wind and rainstorms of terrific violence for three days, vast areas of the middle west, from the Missouri river to the Allegheny mountains, are inundated. Many persons have been drowned and enormous property losses have been caused by floods, the worst in years.

The maps of Ohio, Indiana and parts of Illinois and Missouri are maps of desolation. Terre Haute, Indianapolis and Lafayette, in Indiana, and Dayton, Delaware, Columbus and Youngstown, in Ohio, present particularly pitiable spectacles. In all these cities there was loss of life, according to the most authentic reports available, and in each city the property loss particularly was heavy.

A telephone message from Dayton said that 30,000 people were homeless, a number of persons dead, and the water fifteen feet deep in the center of Dayton. It was still raining and the river rising. A relief train from Xenia was started to Dayton loaded with supplies.

Twenty Dead at Delaware.

In Delaware, O., twenty persons are known to have lost their lives and thirty to fifty others are missing. Terre Haute, swept by a disastrous tornado, was in the grip of a rain and windstorm, which seriously interfered with the work of removing the stricken families, but the death list still remained at twenty, while the list of injured is expected to aggregate 250.

A big dam a short distance north of Akron, O., burst and horsemen were hurried through the valley to warn the people of the impending danger.

Miami Bridge Is Gone.

The great bridge over the Miami river at Middleton, O., went out. Fifteen persons were reported missing. Several houses were seen floating down the river, which was a raging torrent.

Sweeping up the Ohio in valleys from the west, the third storm ten days devastated different sections between Louisville and Cincinnati in Kentucky, and in extensive districts in Illinois, southwestern Ohio and Indiana.

The property loss was estimated at several million dollars in the sections mentioned. The wind was accompanied at times by an almost torrential downpour of rain.

PITTSBURGH WATER RISING

Lowlands Around Smoky City Battling With High Waters.

Pittsburgh, March 26.—With a continued heavy rainfall in northern and western Pennsylvania, the flood situation is growing worse and heavy property damage has already resulted. Oil City, Bradford, Warren, Titusville, Greenville, New Castle, Sharon and the lowlands of this city and vicinity are battling with flood water.

Many points are without electric light, water, transportation lines and gas. A score of bridges throughout the state were swept away.

The situation at Oil City is grave. The dam at Spartasburg let go, sending a great wall of water toward Oil City. The Allegheny river at Oil City has reached sixteen feet and was rising a foot an hour.

NEW GARAGE ON NORTH MAIN.

Grant Munn to Have His Automobile Shop in Sawyers & Mason Building.

Grant Munn has leased the building of John K. Sawyers and A. O. Mason, on the corner of Main and Sixth streets, for an automobile garage. The building will be remodeled somewhat. Mr. Munn recently came from Parnell to Maryville and secured the Frost building, on West Third street, but owing to an ordinance adopted by the city council last Friday night he had to move from that place as the ordinance provides that no auto garage can be located on that street. North Main street is out of the anti-auto garage district.

Mrs. J. B. Morrison of Chicago arrived in Maryville Wednesday morning and is the guest of Mrs. C. Q. Smith and other Maryville friends for a few days.

BANKINNEHANDS

JACKSON BANK OF CLEARMONT PASSES TO NEW CONTROL.

ROY HANNA, PRESIDENT

He and Lawrence Cummins Buy Stock of Henry Weber—New Men Good Bankers.

The Jackson bank of Clearmont has changed hands, the controlling interest of the bank having been purchased by Roy Hanna and Lawrence Cummins. The stock of Henry Weber, who had practically all of the stock of the bank, was purchased by those parties. Possession was given Tuesday.

Mr. Hanna will be president of the bank, Guy Clary, cashier, and Mr. Cummins assistant cashier. The other stockholders in the bank are John Brown, the Linebaugh estate, J. T. Smith and Harvey Lemon. Mr. Clary has been cashier of that bank for many years and has made a good success of it. Messrs. Hanna and Cummins had charge of the bank at Worth, Mo., for several years and in four years time the deposits of the bank at Worth increased from \$19,000 to \$85,000. They recently sold their interest in the Worth bank to Walter Head of St. Joseph and Mr. Brown of Stewartville. Mr. Cummins is the son of Attorney T. A. Cummins of Maryville, and Mr. Hanna is well known over the county.

The capital stock of the bank is \$10,000, the deposits amount to \$100,000, loans \$100,000, and the surplus and undivided profits \$11,500. The old officers of the bank were Henry Weber president; J. B. Brown, vice president, and Guy C. Clary, cashier. Mr. Weber disposed of his interests as he is to retire from active business life.

The new owners of the bank are reliable business men and will no doubt be successful. They have had several years of experience in the banking business.

Is Improving Nicely.

Mrs. Margaret Curfman, who was operated upon at St. Francis hospital a few weeks ago, is recovering nicely and is able to sit up a little while each day. "Grandma," as she is familiarly known, has been at her home on South Buchanan street for about ten days.

SNYDER A RUNNER

WAS ELECTED CONSTABLE OVER BOTH REGULAR CANDIDATES.

JOHNSON LEADS FOR J. P.

Five Democrats and Five Republicans Elected in Polk Township—Democrats Get Collector—Assessor

The township election held in Polk township Tuesday resulted in the election of E. H. Bainum as trustee, Felix Grundy as collector, Ed F. Hamlin as assessor, Richard Snyder as constable, Ernest Wray and John T. Yates as members of the township board, and W. L. Johnson, Amos Sprecher, Jacob Melvin, R. L. McDougal and Gill Campbell as justices of the peace. The Democrats captured five of the officers, the Republicans five, and Richard Snyder was running on the Independent ticket. The new township board and trustee will be Republican in politics.

The total vote cast was 1,082, a very light vote for a township election. The weather being bad, many from the country did not come to town to vote. The interest in the election was not very great. The Republicans did all they could for Bainum and the two members of the board, while the Democrats were trying to elect their entire ticket, and especially Felix Grundy and Ed Hamlin.

The race of E. H. Bainum was quite surprise, as his majority was 412 over Cooper Gooden. Felix Grundy's majority was 241, Ed Hamlin's 191, Ernest Wray's 90, and John Yates' 52.

The surprise of the day was the race that Richard Snyder put up for constable. His name was not on any ticket, and a person to vote for him had to scratch and write Snyder in Snyder beat his nearest opponent, Campbell, by 139 votes and beat Yeaman by 187.

W. L. Johnson secured a total vote of 625 for justice of the peace, and R. L. McDougal was next, then Gill Campbell, then Jacob Melvin. "Boss" Morris for justice was again defeated, this time by only a few votes.

The new township board elected promises to do all they can for the roads in this township.

ON STREET CAR IN STORM.

C. J. and M. J. Alderman Viewed Cyclone's Work While Seated in a Street Car.

Conrad W. Yehle of the Alderman Dry Goods company of this city received a letter Wednesday morning from Mr. C. J. Alderman of Omaha, under date of March 25, that will be of interest to Maryville people. The letter was in reply to a telegram sent by Mr. Yehle asking if the Aldermans had escaped loss, and is in part as follows:

"Dear Conrad. Yours just received. We are thankful to inform you that all of our people escaped the tornado, some of us by a narrow margin. Am sending you under separate cover a paper with map on which I have marked our homes, so that you may see how close a call we had.

"I was on a street car with Merrill on our way home from uptown, when the storm struck the city. We saw it coming and it looked like it was headed directly for us. The motorman stopped his car and it never moved from that point, as all the wires were snapped off. It was awful. No pen can describe how fearful the sight was. The death list is growing hour by hour. To add to the discomfort, snow has been falling all day. After viewing the scene it seems a miracle that the loss of life did not run into the thousands."

Lost—An Easter Hat!

One of those brave enough to risk the wind of Sunday came home from Sunday morning service with disheveled locks; in fact, they were streaming out in the breeze behind her, while she carried the gathered up remains of her Easter hat in her hand. It (the hat, of course) had been whisked from her head in a jiffy, as she left the First Presbyterian church, and it was indeed funny to see the people who tried to rescue it, for everyone now knows the value of the Easter hat, and every other hat, for that matter, that comes from a millinery store. And the hat was completely riddled after all. But then, it was a milliner's hat. And she can make another one. Lots of Easter finery suffered from the wind Sunday, and those who were sensible enough to wear things suitable to the day may thank their lucky stars they were born sensible.

Guests From St. Joseph.

Mr. and Mrs. J. B. McIntyre and daughter, Miss Martha McIntyre, of St. Joseph, were guests in Maryville Tuesday and Wednesday of Mr. McIntyre's sister, Mrs. E. L. Ferritor and family and his aunt, Mrs. B. Mallan, and family. Miss McIntyre is quite an accomplished vocalist and is training for grand opera work.

DEATH OF AN OLD MAN.

Job Shinnall, a Former Resident of Graham, Died at Daughter's Home in Maryville.

Job Shinnall, the aged father of Mrs. Q. A. Gilmore, living at 222 West Edward street, died Wednesday forenoon of illnesses due to old age. Mr. Shinnall would have been 81 years old April 3. Last October Mr. and Mrs. Shinnall had been in feeble health for some time. Four weeks ago he was stricken with paralysis, which was the immediate cause of his death.

The funeral services will be held at the Gilmore home at an early hour Friday morning, but the time has not yet been set. Burial will take place in Groves cemetery, near Graham.

Mr. Shinnall was born in Kentucky. When a young man he came to Shelby county, Illinois, and settled there. He was married there to Miss Sarah Rouse. Three children were born to them, two of whom are living, T. L. Shinnall of Portland, Ore., and Mrs. T. R. Linville of Shipley, Neb., who recently moved there from Skidmore.

Mr. Shinnall's first wife died in Illinois. His second marriage was in Nodaway county to Mrs. Ellen Brown of Graham forty-five years ago. They had four children, John L. Shinnall, who died twelve years ago at Graham; Mrs. Quincy Gilmore of Maryville, Mrs. Emil Bourquin of Butler, Okla., and

H. C. Shinnall of near Barnard.

Mr. Shinnall was a farmer of near Graham until about twenty years ago, when he moved to Graham and held various town and township offices until his removal to Maryville last October.

DEATH NEAR ISLAND CITY.

Archie Clemmons, a Well Known Young Farmer, Died of Pneumonia.

Archie Clemmons, living in the southeast part of the county, near Island City, died Tuesday night after a three weeks' illness of pneumonia. The funeral services will be held at the Christian church in Island City on Thursday afternoon. Burial in Lafayette cemetery. The young man is survived by his wife and a little girl, and his parents, Mr. and Mrs. Mariam Clemmons.

Arrived From Omaha.

Mr. and Mrs. John Sherlock of Omaha arrived in Maryville Wednesday on account of the illness of Mr. Sherlock's mother, Mrs. Mary Sherlock, living north of the city. Mr. and Mrs. Sherlock's home in Omaha is situated only three blocks from the path of the tornado Sunday.

Mrs. Harry Coulter of Arkoe was in Maryville Tuesday.

The residence of Dr. and Mrs. Charles Impey of Omaha, who for a number of years, were well known residents of Graham, where Dr. Impey was a practicing physician, was among the residences of Omaha that lay in the path of the storm in that city last Sunday evening. Although many near them were completely demolished, their residence was left standing, but was badly wrecked. The windows were blown in, the household furniture broken up and the yard filled with debris. Their residence is located but one block from the Idlewild pool hall, where twenty-five lives were lost.

Mrs. Impey is a sister of Miss Anna Freytag, the postmistress of Graham, and Banker Walter Freytag of that place.

THE TICKETS MIXED

WERE ELECTED GENERALLY OVER THE COUNTY TUESDAY.

ONE BULL MOOSE LANDS

Democrats and Republicans About Equally Divided in the Winnings—Results by Townships.

The election in the various townships over the county Tuesday to elect a township ticket resulted in about a standoff for the Democrats and Republicans. In two townships, Hughes and Jackson, there were three tickets in the field, but the Progressive party candidates did not get very far. The only Progressive elected was Clarence Leeper of Hughes as one of the members of the township board. In Jackson, the Progressive party candidates secured about 28 to 32 votes while the Republicans and Democrats secured 124 and 132.

The entire Democratic ticket in Independence township was elected, there being no opposition to the ticket. In Nodaway township the entire Republican ticket was elected. In Jefferson township the entire Democratic ticket, with the exception of a member of the township board. In Lincoln many of the People's candidates won.

The results in the various townships follows.

THE STORM FREAKS

GRAPHICALLY DESCRIBED IN LETTER FROM MRS. ALDERMAN.

SHE SAW ITS WORK

Everything Went Before It—Trees Left Standing Filled With Clothing and Bed Clothing.

Mrs. Meril Alderman wrote a letter Monday at Omaha to her parents, Mr. and Mrs. Rankin Lyle of this city, to tell them of the great storm that visited Omaha Sunday evening. A telegram was sent by the Aldermans to the Lyles in this city Sunday evening after the storm, to assure them of their safety, but it did not reach Maryville until Monday night, after Mr. and Mrs. Lyle had left for Omaha on the 7:11 Wabash train. The letter written by Mrs. Alderman did not reach Maryville until Tuesday, and was received by Miss Elizabeth Saunders, who makes her home with Mr. and Mrs. Lyle. Mrs. Alderman's letter is a good description of the storm as she saw it and of the damage done. The letter follows:

I hope you received our telegram stating we are all safe. Curtis went down town—had to walk, of course—and placed it on file to be sent as soon as they could. I am writing you to tell you of some of the terrible damage and loss of life, but words will not express the picture one sees in going from the southwest end of Omaha to the northeast.

The main part of the storm missed us about a block and a half, but we were in it far enough to know how you feel when you think your time has come. I will try to tell what we felt and saw when we saw that awful twister headed straight for us. Meril was not at home, but brother thought it looked like a storm and came home with the car. He had taken Meril out to Uncle Mayne's. We watched the clouds and saw them moving in all directions, and upon looking to the southwest saw the unmistakable funnel shaped cloud. We decided it was a tornado, and soon that terrible roaring confirmed our decision, so we made for the basement and stood in the corner toward the storm, and from the window watched what we thought would usher us into the great unknown. We watched the boards and pieces of roof twisting and whirling in the air and had a few seconds to steady ourselves for the worst, when the hand of Providence was kind and we escaped. Pieces of roofs and timbers scattered all about us but we suffered no property damage of any kind. The people next door east had a small board driven through the house. The construction house next door was torn to pieces and tools scattered every place. After the storm had passed the worst was not over with me. I did not know where Meril was and no telephone connections, no cars running. Such agony, but Providence was kind once more and central responded and a got connections with Meril's mother and found he was there and safe. Then I collapsed. Not until Meril came home did any of us know the damage that had been done.

The worst part just passed between our house and the Roland, where Meril's parents live, so in walking home Meril passed through its path. First broke out and for a time we thought we might have to flee for our lives. Our neighbor next door said to put the chains on the car and be ready, as he thought the entire north end would burn, and to look at the blazing sky it looked so. Brother, Meril and I went out in the dark, as there were no lights except a few gas lights, to see what we could of the damage. The most expressive words in our English language.

PAPE'S DIAPEPSIN REGULATES STOMACH

Time! In Five Minutes Gas, Sourness and Indigestion is Gone.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eruptions of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

A GOOD CROWD.

The Bad Weather Tuesday Night Did Not Interfere With Opening of M. E. Church Revival.

In spite of the very unpleasant weather there was a good attendance and interest at the first of the special services last night. Rev. Zentz preached a sermon that was intended for everyone, whether a Christian or not. His theme was "The Struggle to be Good," and his text was "Fight the Good Fight of Faith, Lay Hold Upon Eternal Life." 1 Tim. vi. 12.

The sermon dealt with the necessity of making a fight to attain a moral character. It was considered from three standpoints. Its needs, its characteristics and rewards. He said in part:

"One needs a proper estimate of the foe. Many a struggle has been lost because a man has failed to compare his own strength with that of his enemy. One needs a proper equipment. St. Paul has indicated what this ought to be. He suggests the helmet of salvation, a protection for the head; the breast-plate of righteousness for the heart; the shield of faith, and the sword of the spirit which is the word of God.

"The fight should be characterized by intelligence and persistence. It should be an uncompromising fight and above all a fight of faith; faith in one's self and in God.

"The rewards will be the moralization of one's life, a victory more splendid than any other; but religion has to do with two worlds, the life that now is and the life that is to come. The reward then is indicated in the text, eternal life.

"Thus we call not to something impracticable and visionary, but to something necessary and real, a life of positive righteousness."

Services again tonight at 7:30. Rev. Zentz will preach and there will be special music. Subject of sermon, "The Impossibilities of Jonah."

Death of Little Child.

Josephine Darnell, the 5-year-old daughter of Mr. and Mrs. Ellis Darnell of Moulton, Ia., died Tuesday night at the home of Mr. and Mrs. E. T. Reiser of Guilford. The little girl was taken sick a few days ago with tonsillitis, resulting in paralysis. The body was taken Wednesday by the parents to their home in Iowa, where the funeral and burial services will take place. Mrs. Darnell is a sister of Mr. Reiser, and they have been visiting in Guilford for two weeks.

Solving the Social Question.

Hill Top Farm, Guilford, Mo., March 24.—Editor Democrat-Forum: I read with much interest in your Thursday issue last week the sermon of the Rev. J. D. Randolph of your city.

It is not my intention to criticize his sermon in any way, but simply to show that the divorce question should receive more than passing notice from all people, whether in Maryville or not. However, when the reverend gentleman stated that we were so much ahead of France in the number of divorces granted, France, on the other hand, has race suicide staring her in the face, and more illegitimate births than any other nation.

He might have mentioned while bearing on this question the fact that in the last few days, in a nearby city, five murdered babies have been picked up on the streets.

Now, when we reach the ebb tide he speaks of, will we not be confronted with greater evils? We seem prone to ape the styles of France.

We have always thought that idleness was the first step toward sin. Now, what were the women doing just before the wave of divorce spoken of? As I remember it, they heckled the flax, sheared the sheep, spun the linen and the wool, d'd weave and knit, made the family clothing, soaps, etc., beside helping with the corn crop, and did glean in the fields, from Scripture times to the time spoken of. Large families were the rule, and if there was discord in the household no one ever knew it.

Now, that style or outward appearance, happened to appear at the time of this divorce wave, is it not an indication or conclusive evidence that the two had connection?

As stated, the war had just closed. We had given the colored man his liberty, and we became more liberal to all things human. About this time the factory stepped in and took from woman her industry. Here was where the fire was set, and it will continue to burn until it is quenched by the home loving, the home making woman that does not care to vote.

In the study of physical chemistry we find that certain physical bodies have an affinity for each other; that is, they fly together seemingly by an uncontrollable force. Take a quantity of zinc silver for instance; pour it on the carpet in separate lots and you will find that the carpet cannot absorb the silver, because the particles of silver have an affinity and the carpet cannot get any hold on it. Now, roll the different quantities of silver to a certain nearness and they will fly together and become one body. Now, you can cut the mass apart with a knife as many times as you wish and each time it will reunite and show no scar.

So it is with the marriage relation. Parties united in this way could not help but agree, because they are as one party. For one party to injure the other would be like taking the right hand and cutting off the left hand.

The case of the human body, however, is somewhat different. We find the same to be a bundle of electric currents or nerves. When two bodies come in contact we have harmony or discord, just as the tension or charge of each correspond.

A very truthful, intelligent gentleman tells me this. He was one day traveling on a railway train. His seatmate, for a short distance, was a lady of corresponding appearance. By accident their hands happened to meet. The gentleman experienced a thrill or feeling that penetrated every part of his body, and the lady's appearance indicated that she experienced a wave of the same feeling. They seemed to know each other, yet had not spoken.

Now, this was probably a true union as of God. Yet had those parties thrown off outward appearances, rose up, and declared themselves man and wife, the clergy and all would have held up their hands in holy horror at the circumstance. I must say that I like the ring of the gentleman's sermon, and have prophesied that when the clergy shall right about and deliver physicotheology sermons from the pulpit in place of deathbed scenes and descriptions of the fiery pit, then the dead country church will begin to breathe again and the city church will cease to decline.

Now, let's look at this question from a different angle. The average young man, when first married, is confronted with the task of supporting a family without much capital to back him. So his ability to do this depends on him securing a position. Now, the position depends on the young man's qualifications to fill it, the whim of the proprietor, and many other things. The loss of a position to the average man for thirty days means that he is kicked into the street. Then where is the marriage relation?

Now, we are going to remedy this evil in this way: Put every worthy young man in a home of his own, with fixtures necessary to maintain the same. Of course, there have been cases where this has been done before and resulted in failure, but in each case the helm was put in the hands of an inexperienced mariner, who knew not the treacherous sands or hidden rocks.

Now, the plan is for him to agree and sign up to work under the direction of the farm adviser. Our banks are full of money. A good borrower is more to be desired than a depositor. The loan companies have been loaning 5 to 60 per cent on the home, but now with the understanding that the young man is working under the direction of the advisor from 5 to 90 per cent will

be advanced, and in some cases all.

The writer has been furnished the entire purchase price of a farm by a trust and loan company. One may think that the young man would be as well dead as so much in debt, but such is not the case. All our successful business concerns depend on their credit for success.

I am not stating this, as I intended the young man to serve an apprenticeship under a good farmer, and is then put on his fee through a credit advanced or controlled by the farm adviser.

There is a mighty conflict raging. It extends to every land. Truth and falsehood are engaging. Hilt to hilt and hand to hand; For the truth will throttle error, And its end is drawing nearer, And our duty would be clearer, If we could but understand. Respectfully,
A. ROSS HILLS.

A Valuable Publication.

The January Bulletin issued by the Missouri state board of agriculture is of peculiar value to farmers. The first article is on the subject of "The County Farm Adviser and County Bureau of Agriculture," by S. M. Jordan. The topic and the author are sufficient to guarantee to everybody ample reward for his time and effort. In his own straightforward and forceful style Mr. Jordan deals with many of the vital and practical problems of rural life. His illustrations add very much to the treatment of the subject and show the actual work that is being done. Following this are the constitution and by-laws of the Pettis county bureau of agriculture, interesting press comments and other valuable features. If you want to see just how the work of the county farm adviser is carried on in a way that is arousing a deep and widening influence, send to the secretary of agriculture, Columbia, Mo., for a copy of the January Bulletin, volume XI, No. 1, which will be sent free upon application.

Common Sense Corsetry

Is the predominant feature of the W. B. new models we are showing this spring. Many new models just received to conform to the demand of the new styles.

W. B. Corsets

Are figure builders, replacing angles with graceful curves; low bust and long skirt lines give the fashionable effect making W. B. Nuform the ideal corset over which to fit the fashionable gown. We illustrate two new models just received.

W. B. Nuform, Style 1351

For figures developed a bit beyond the average. Bust very low (3½ inches), hips very long (15 inches), back 19 inches. Wear defying batiste, lace trimmed. Hook below clasp. Hose supporters. Sizes 18 to 30. Price \$1.00.

W. B. Nuform, Style 1348

For average figures. Up-to-the-minute in style, material and length. Bust and under-arm medium low; hips and back very long. Batiste embroidered edging. Hose supporters. Hook below clasp. Sizes 18 to 30. Price \$1.50.

W. B. Reduso Corsets

Are the only hygienic reducing corsets for stout figures, are equally adapted for all average figures, and are guaranteed to reduce hips and abdomen one to five inches.

W. B. Elastine-Reduso

Corsets are constructed with WEAR-PROOF ELASTINE-GORES, which gives absolute comfort without loss of reducing effect, and give stout figures slender lines without discomfort.

W. N. Reduso and W. B. Nuform Corsets are warranted not to Rust, Tear or Break.

MAKES HAIR GROW.
Parisian Sage an Invigorator that
Makes Hair Grow Abundantly
or Money Back.

If your hair is thinning out gradually it won't be long before the bald spot appears.

The time to take care of the hair is when you have hair to take care of. For thin falling hair the best remedy known to mankind is Parisian Sage. It is compounded on scientific principles and furnishes to the hair root a nourishment that acts quickly and promptly and causes the hair to grow.

But remember this: It kills the dandruff germ, the pest that appropriates all the natural nourishment that should go to the hair root.

Parisian Sage is sold by Koch Pharmacy under a positive guarantee to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

It gives to women's hair a lustre and radiance that is most fascinating and causes it to grow abundantly.

Parisian Sage is sold by druggists in every town in America. A large, generous bottle costs 50 cents, and the girl with Auburn hair is on every bottle.—Advertisement.

TWELVE LOST AT HAMILTON

Miami River Flood Causes Terrible Losses in Life and Property.

Hamilton, O., March 26.—Twelve persons are known to have been drowned, while it is believed over a score more are dead as the result of a flood of the Miami river that swept Hamilton and is rushing through the streets to a depth of from two to six feet.

The dead, Robert Shank, N. C. Roberts, Odell, Herman Tieman, Dr. Leon Isutzi, three unidentified women and two unidentified men.

Shank and Isutzi lost their lives while trying to save others. The residents are gathered in the principal buildings of the town. Three companies of state militia from Cincinnati arrived, but owing to the swiftness of the current in the streets have not been able to detain.

Train Service Crippled.

Chicago, March 26.—Train service on the twenty-nine railroads centering in Chicago was seriously impaired as a result of the damage wrought by storms and floods in the central states. All trains on the Panhandle branch of the Pennsylvania system, the Monon and the Chesapeake and Ohio roads were annulled and service temporarily abandoned.

LANDIS REFUSES TO DISMISS CASE

Says He Will Instruct Jurors as
Friend of Coal Land Laws.

Chicago, March 26.—Judge Landis refused to take the case of Albert C. Frost and four other defendants, charged with Alaska coal land frauds, from the jury and direct a verdict or not guilty.

The decision followed five hours of argument by five lawyers for the defense. The arguments included the assertion that Frost and his four co-defendants had done nothing they did not have a right to do in law, and the government, it was argued, had failed to prove a conspiracy to defraud the United States out of title to \$10,000,000 worth of coal claims.

B. D. Townsend, special assistant attorney general, stepped forward prepared to make rebuttal.

"There is no rebuttal necessary," said the court. "I am convinced many of the locators of these claims in question were not good faith locators. Many of them were, in my opinion, mere instrumentalities of the corporations."

"The hard time that the United States land laws have had in the past has got to come to an end. Any one who has spent any time in western states knows how little the land laws have been enforced. Up to date those laws have found few friends in the western courts. I can assure the defense they have found a friend in this court, and I will tell you now that when this case is closed and it comes my duty to charge the jury I shall instruct it especially as to its duty of upholding the laws of the land."

"In this instance this has special reference to the land laws. The motion to take the case from the hands of the jury is overruled."

Portland School Board Refuses to Let Him Have Position as Principal.

Portland, Ore., March 26.—Divorces are frowned upon by the Portland school board and J. H. McKay, former of Mr. McKay from Irvington school, lost out for a position of almost equal rank in the Hudson school when the board tied in voting on a proposal to give him charge there. Although it had been some years since the domestic trouble which led to the removal of Mr. McKay from Irvington school, he failed when it came to the test, especially as Mrs. James B. Kerr, a newly elected director, refused to sanction his reinstatement as a principal.

Forest Park in St. Louis Flooded.

St. Louis, March 26.—One person was drowned and several families driven from their homes by the rising of River Dispers, which flows through the western and southern part of the city. The flood was the result of a heavy rain, which at times during the last forty-eight hours almost reached a cloudburst. River Dispers is seven feet higher than ever before. The river flows through Forest park, the great show place of the city, and the principal drive there was under six feet of water.

Los Angeles Recalls City Officials.

Los Angeles, March 26.—According to results cast up the people of Los Angeles, in the charter amendment election, voted to retire the present city administration, which was elected for a four-year term sixteen months ago, and choose an entire new set of officers.

INDIANA FLOOD IS STATE-WIDE

Over 200 Are Reported Dead
and 200,000 Homeless.

LOSS IS TWENTY MILLION.

Rush of Waters on Unsuspecting Causes Enormous Loss—"Rain and Colder" Is Weather Forecast for the Stricken District.

Indianapolis, March 26.—A state-wide flood, appalling in its immensity and terrifying in its swiftness, claimed more than 200 lives, according to fragmentary reports, made nearly 200,000 homeless and has done property damage of more than \$20,000,000 in Indiana. The rush of waters caught the state unprepared and the following desperate fight to save life and property seemed futile.

From Peru came a sudden message that the town was overwhelmed and hundreds were drowned before they knew their full peril. The White river and several creeks which surround the business district of Indianapolis, ordinarily dry in summer, are raging torrents, sweeping everything in their paths.

When the street car service was stopped at noon it trapped thousands in the business districts. Some bridges are unsafe and closed to traffic and the waters sweeping over the other defy vehicles and pedestrians.

The White river levee at Morris street went out, submerging hundreds of homes, adding 2,000 to the 7,000 homeless here.

Thousands of spectators were watching the river when with a roar hundreds of tons of dirt crumbled under the pressure and great walls of murky, black water rushed through the opening.

Two Hundred Thousand Lose Homes

Conservative estimates place the number driven from their homes at close to 200,000 and the property loss it is said, will reach the \$20,000,000 mark. These figures are made up from reports received from towns and villages and do not include the probable great loss to farmers.

No hope for relief to the stricken state is held out by the government weather bureau. "Rain and colder" is the forecast. Besides higher water untold suffering to the homeless will come with the drop in temperature.

Rescue work is being carried on by volunteers, police, firemen and the state militia and every place where there is a dry home it has been thrown open to the flood refugees.

Cities Inundated.

Parts of Fort Wayne, Lafayette, Richmond, Marion, Terre Haute, Muncie, Rushville, New Castle Kokomo, Peru, Connersville, Petersburg, Frankfort, Anderson, Tipton, Noblesville, Hartford City, Elwood, Bloomington, Shelbyville, Logansport, Portland and innumerable smaller towns are under water, with many of the residents driven from their homes and others living on upper floors.

From many of these places frantic appeals for aid have been received but lack of transportation and crippled telephone and telegraph service force the submerged towns to rely upon their own resources.

The helplessness of the state and city to aid the outside sufferers is more accentuated by the hopeless straits in which Indianapolis finds her self.

On the Wabash.

At Lafayette, the Wabash river, rising a foot an hour, has passed all previous high water marks. There is a huge bridge went out, carrying two and possibly more persons to their deaths. Leland T. Woolery, a student at Purdue university, was drowned while trying to rescue two of the men who were caught when the bridge was carried down stream. West Lafayette is without water supply and the town where the university is located is to tally cut off from the world. The total loss at Lafayette is estimated at \$1,000,000. Thousands are homeless.

Richmond, on the White river, is in darkness, the electric light plant having been flooded. More than twenty bridges in Wayne county have been torn down and travel in and out of Richmond is at a standstill.

Many Saved From Death.

A half million dollars' damage was done by Flatrock river at Rushville when the stream swept down upon the town, submerging the entire business and parts of the residence districts. Fire bells warned the people of the onrushing water, but in many instances only fast work with boats saved many from death. In many of the streets the current was so strong that it swamped all boats that ventured into them. Thousands were rendered homeless, and those whose homes are not flooded are confronted with the problem of housing and feeding the refugees.

Charlatans Claim Friedmann Cure.

Washington, March 26.—Reports that charlatans in various sections of the country, claiming to have some of Dr. F. F. Friedmann's tuberculosis vaccine culture, had misled victims of the disease were called to the attention of the public health service Dr. Friedmann, in New York, declared that no one in this country had received any of his culture bacilli except the government health officials.

This is the Truth

We Give Long Credit—Ask No Security—Ship on Trial
And We Give Extra Time When Wanted

Our offer, we know, seems too good to be true. This is a new kind of credit, and folks can hardly believe it.

Pay as You Can

We ship goods to home lovers on open account. There is no contract, no mortgage, no sort of security. No interest, no extra price, no publicity, no red tape.

A million homes have such accounts with us. And for 47 years we have found home lovers honest.

We ship on 30 days' free trial. Anything not wanted may be returned at our cost for freight both ways.

We let you pay as convenient—a little each month. Remit by mail as you can, for we

have no collectors. If sickness comes, or death, or loss of work, we will gladly give extra time.

Save 15 to 50%

We guarantee to save you under local prices from 15 to 50 per cent. You are free to send back any article to us if that saving can't be proved.

We save this through enormous buying, through taking factory outputs, by picking up surplus stocks. We are the largest buyers in the world in our line.

And we sell direct, without one small profit between factory and consumer.

Your name should be here

It is on this line that your name counts most

UNTIL a bank book bears your name, you are not advancing or bettering your situation. The young man or woman, of large or small income, is merely treading water until he or she starts to save. There is nothing more gratifying than the reflection that you have a comfortable balance at the bank. The very knowledge that you have the money in reserve to satisfy this desire or that, makes self-denial easy and derives more pleasure than wasteful indulgence.

YOU SHOULD WALK OUT OF THIS BANK THE VERY NEXT PAY DAY WITH A BANK BOOK OF OUR OWN.

THE STORM FREAKS

(Continued from Page 1)

guage do not begin to express the horrible conditions which met our eyes. Houses smashed to kindling wood and searching parties in the ruins looking for bodies. At Twenty-fourth and Lake the fire raged for two blocks. They are still taking out the dead and injured. All kind of freaky things occurred. For instance, a baby came down in a yard unharmed some minutes after the storm had passed. We got the car out this morning and followed the path of destruction. Berns park (you know we looked at a house out there) was totally demolished. Just a few houses left. Houses were carried entirely across the streets. Oh! you would not know Omaha now. It is easy to see over the hills in the West Park district now, as nothing is left on them to obstruct the view. First reports are usually exaggerated, but this could not possibly be enlarged, for half is not yet known. You remember the trestle across Cutout lake and the round houses near by. They were demolished. The trees are festooned with pieces of apparel and bedding. The storm had no respect for personages or locality; it mowed churches, hospitals and everything in its course. This was Easter, 1913. I hope all 1913 holidays will not be so easy. You know the old saying, "If it rains on Easter it will rain for seven Sundays." Brother said he hoped it would not repeat this for seven Sundays. We have a telephone call in for you. Thought we might get through. Let our friends know we are safe, even if we did have a close call.

THE ELKS' VAUDEVILLE.

Show Was Well Attended, Nearly Every Seat in the House Being Taken.

The Elks' vaudeville at the Empire theater Tuesday evening was well attended and was well received. The first number was Maude's sextet, and was composed of T. B. Maude, Ed Schumacher, Ervil Stafford, Paul Basford, Lloyd Miles and W. A. Robertson.

The electrical wizards number given by Harold Staples and Clun Price was well given and well received. The following number was the Bon Ton trio given by Misses Mildred Hancock and Gladys Holt and H. R. Hancock. The next number was W. A. Robertson, the mind reader, who was ably assisted by "Prof." H. L. Raines. This act was followed by a motion picture, and the last number was a one-act sketch "A Turkish Maiden." The play was well rendered. Those taking part were H. J. Becker, Clyde Hutton, Bud Rhodes, Misses Teresa Yehle and Frances Keeler.

Several amusing things took place during the show. During the first number of the program, while W. A. Robertson was giving a solo, Dr. H. L. Stinson was induced to take a seat on the stage back of the stage settings. The chair seat was loaded, and after turning on the current, it went off and sounded like a cannon. Of course, the noise greatly interfered with that number.

A GOOD PROBLEM FOR STUDENTS.

Can Some School Boy or Girl Solve It?—Will Be Found An Interesting Study.

March 25, 1913

The Democrat-Forum: The attached actual transaction between two problems, which I have formulated from men, has given rise to considerable friendly discussion between the parties, whom I have denominated by A and B. The parties agree on facts and as I have outlined them, but do not agree on adjusting the facts between them. They are friendly over the matter. Each have had several parties, some called expert accountants, to figure the case. Each party has been brought out debtor to the other, and the difference is considerable between the various figures. I have my solution but withhold it from the public, but have given it to one of the parties.

I suggest it as a good problem for school students. It will be found an interesting study. Will some school boy or girl set me right if wrong?

Respectfully,
IRA K. ALDERMAN.

The Problem.

A and B form a co-partnership to farm and handle stock. It was agreed that A furnish the farm as against the labor of B, and that B manage the business and furnish all labor and that each contribute equally in cash the needed additional capital. At the end of the year B rendered an accounting as follows, admittedly correct:

A contributed in cash, first, \$686.75, and later \$274.30, and B contributed in cash \$458.65. During the year B paid to the personal use of A \$107.77. The firm expenses paid by B was \$246.35. The total cash receipts aggregated \$2,807.32. During the year A drew out the sum of \$1,613.71.

Question: How stands the account between A and B, or how should either contribute to the other, if any thing, to equalize their interests in the year's business?

KEEP THE CHILDREN'S BOWELS CLEAN NOW

If Tongue is Coated, Stomach Sour, Breath Foul, Bowels Clogged, Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and thirty feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

Charles Roach Bitten by a Hog.

Charles Roach, a young farmer of near Bedison, was bitten on one of his hands by a hog Monday evening. The hand was swollen some Tuesday morning and Mr. Roach came to Maryville on an early train and placed himself in the care of Dr. Will Wallis. The wound is not dangerous, and although there is slight infection, there is no danger from the poison.

DOING THEIR DUTY.

Scores of Maryville Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Maryville people endorse their worth.

Miss Harriet McClurg, 405 East Thompson street, Maryville, Mo., says: "I do not know what I would have done without Doan's Kidney Pills. They have worked wonders in my case, and I am pleased to verify my former public endorsement of them. I was troubled by pain and weakness in my back and hips and I could hardly get around. Doan's Kidney Pills stopped the trouble as soon as I used them and strengthened my kidneys. I am only too glad to recommend this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Money Back From Orear-Henry Drug Co. if Catarrhal Misery Does Not Leave You.

Try the sure way. Breathe Booth's HYOMEI over the sore, germ infected membrane, kill the germs and heal the sore spots.

Use the little inhaler that comes with each \$1.00 outfit five times through the day. At night use the vapor breathing treatment as directed. Booth's HYOMEI does not contain any harmful drug. It is Australian Eucalyptus combined with effective listerian antiseptics.

When the bottle of HYOMEI that comes with your outfit is gone you can get another for 50 cents. Just breathe it—no stomach dosing.—Advertisement.

School Election Notice.

Notice is hereby given to the qualified voters of the independent school district of Maryville, Missouri, that at the regular annual election of said district to be held at the voting places in the various wards in the city of Maryville, for the election of city officers of said city of Maryville, on

Tuesday, April 1st, 1913,

there will be submitted to the qualified voters, who are taxpayers of said school district voting at such election, a proposition to levy a tax of six mills on the dollar on the taxable property of said district in addition to the four mills authorized by law to be levied by the board of directors of said school district for the maintenance of the schools and for school purposes in said school district for the next ensuing school year. Also the election of two directors for the term of three years each.

Done by order of the board of directors this March 14th, 1913.

Get Madman With Sleep Bomb.

Paris, March 25.—A weapon for firing asphyxiating bombs, devised after the recent siege of automobile bandits in their strongholds, was used for the first time in the capture of a negro who had become suddenly mad and who ran amuck in the Auteuil quarter threatening every one he met with a loaded revolver. Detectives chased the man from room to room in a house where he had taken refuge, firing gas bombs as they went. The fugitive was finally cornered on the roof in a state of semi-asphyxiation. He was quite powerless and was transferred to a hospital.

"Save the Babies" Crusade.

New York, March 25.—"Save the babies" will be the motto of eighty organizations affiliated in the Babies Welfare association taking part in the coming campaign for a spring "clean up" of New York city. Societies conducting milk stations, day nurseries, babies' hospitals and other institutions and movements working for infant welfare are to take part in the preliminary campaign of education which lays special emphasis on the need of clean homes and surroundings as a prime requisite for promoting the health of babies.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Reall Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Reall Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and \$1.

You can buy Reall Dyspepsia Tablets in this community only at our store:

SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty-cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Kock Pharmacy.
